## DISTILLATION

By selecting the best Muscat grapes, we create unique and authentic spirit with rich flavor and natural taste. This quality is achieved by using seeds and herbs harvested with great care. For the production of 1 liter tsipouro 5 kilograms of grapes are used. This ensures the quality of the product. After distillation, the heart of the distillate is diluted with purified water. This slow-distilled drink is carefully aged, resting for a long time in Katsaros Family cellar. It balances its character in French barrels made from 100 years old oaks of Limousin & Tronçais forests. It matures for an optimum period of 36 months.

## SERVING SUGGESTIONS

Enjoy it with nuts, bitter chocolate, dried fruit and cigar. Complex, balanced, powerful, puts the finishing touch to elegant meals.

## CHARACTERISTICS:

**Color:** Keen amber

**Nose:** It carries the aromas of chocolate and white flowers.

**Palate:** It has the flavor of ripe plums, roasted almonds and the aftertaste of fresh vanilla.
